## **Central Market York Announces New Contactless Payments for Parking**

**York, PA – February 16, 2022** – Central Market York today announced a partnership with ParkMobile, the leading provider of smart parking and mobility solutions in the U.S., providing contactless parking payments for the Central Market parking garage at the corner of W. Philadelphia & N. Beaver, and the twelve parking spots located behind Market on W. Clarke Ave.

“We are always looking for ways to make the Market experience better and even more convenient for our visitors,” Central Market York CEO Cindy Steele said. “Central Market York is excited to partner with ParkMobile to provide a new safe, easy, and contactless way for visitors to pay for parking.”

ParkMobile will be available starting end of February, the exact date will be posted to our social media accounts once finalized. The garage parking kiosk will remain in place until early March 2022, at which time the kiosk will be retired and garage parking will be available via ParkMobile only. Parking will remain \$2.50 per hour at our Central Market garage and will be ParkMobile only Monday – Friday 8am – 8pm, Saturday and Sunday parking will be free. Parking at the rear of Market in Clark Alley, consisting of 12 spots, will remain \$1.00 per hour and will be meters and ParkMobile, Monday – Friday 8am – 8pm, Saturday and Sunday parking will be free. No parking between 11pm and 6am without proper permit in any of the Market managed parking.

The First Friday of each month we will offer free parking after 4pm. Monthly Parking can be purchased at the Central Market Office located at 34 W. Philadelphia Street, York Pa 17401.

ParkMobile has over 27 million users across North America and is available for both iPhone and Android devices. ParkMobile can also be accessed on a mobile web browser for those who do not want to download an app. To pay for parking using the mobile or web app, a user enters the zone number posted on parking meter or on the signs in the parking lots, selects the amount of time needed, and touches the “Start Parking” button to begin the session. The user can also extend the time of the parking session on their mobile device, up to a max of three hours on-street at the parking meters, or all day in an off-street parking lot.

### **About ParkMobile**

ParkMobile, LLC is the leading provider of smart parking and mobility solutions in North America, using a contactless approach to help millions of people easily find, reserve, and pay for parking on their mobile device. The company’s technology is used in thousands of locations across the country, including 8 of the top 10 cities as well as college campuses, airports, and stadiums.

People can use ParkMobile solutions to quickly pay for on-street and off-street parking without having to use a meter or kiosk.
